

In Your Wildest Dreams

Tina Turner

The sun goes down
And the moon comes up
My heart is pumping for you
And a mad thing starts
Oooooohhh-oooooohhh

Never in your wildest dreams
Did you ever get this feeling
Never in your wildest dreams
Never in your wildest dreams
Could it ever be this easy
Never in your wildest dreams

The night is hot outside your window
I hear people walking people talking
I smell your skin I feel you breathing
Don't let me go not yet, not yet, not yet, not yet

Never in your wildest dreams
Could you ever get this easy
Never in your wildest dreams
Never in your wildest dreams
Did it ever get this easy
Never in your wildest dreams

And the world is slowly turning
As it turns I see your face
Touch your eyes, your lips. . .space

We've arrived at the place
Where they open hearts
And fill them up with love
Filled with love filled with love
This on is pumping for you
As a mad thing starts

Never in your wildest dreams
Did you ever get this feeling
Never in your wildest dreams
Never in your wildest dreams
Could it ever be this easy
Never in your wildest dreams
