Show Some Respect

Tina Turner

I made a resolution and I plan to keep my work
But I need you to make it work
You've got to read the message, understand what's on my mind
Cause not to see would be a crime
And we could lose it anytime

We've got to show some respect
We've got to learn to protect
Don't take it for granted, I know
That if you want to stay close
We've got to show some respect

But I believe in working, then I believe in a little help Cause I'm not a light unto myself Without a thing of value, why settle for second best We don't know what's up ahead And we can't let ourselves forget

We've got to show some respect
We've got to learn to protect
Don't take it for granted, I know
That if you want to stay close
We've got to show some respect

For the things that I love about you From the woman that you see inside Don't let it walk out the door Love follows every time
