

# He Don't Want It

Tinashe

Fresh face to ya  
Y'all tired, man  
Me I buzz off, switch up, come up

Seen ya like nothing but a homie  
Never took shots but bottoms up  
Knew that you could never control me  
That's why you changed it up

Tossed the lame play from the start  
Followed what I said noon to 1  
Do you want stress  
Cause I can only use rest  
Do you want the mess  
When it could be all flex  
Say, say, say

He don't want it  
He don't want it  
He don't want it  
He don't want it  
Stress up on it  
Lose me off it  
Cause I don't want it yeah  
Cause I don't want all that  
He don't want it yeah

Promise you it won't ever get boring  
You'll never try win my heart  
Cause you know that you could never control me, yeah

Loyal girls on for loyals  
Though find a new one at any time  
Cause there'll be no deeper feelings involved

Do you want stress  
Cause I can only use rest  
Do you want the mess  
When it could be all flex  
(Know that you could never control me)  
Say, say, say  
(Yeah yeah)

He don't want it  
He don't want it  
He don't want it  
He don't want it  
Stress up on it  
Lose me off it  
Cause I don't want it yeah  
Cause I don't want all that  
He don't want it yeah

2x  
Do you want stress, no  
Do you need love, no  
Keep all the income

For what it's worth  
Keep it sane man  
It's all in best interest  
Flex and go home man

2x  
He don't want it  
He don't want it  
He don't want it  
He don't want it  
Stress up on it  
Lose me off it  
Cause I don't want it yeah  
Cause I don't want all that  
He don't want it yeah
