

Fuck your opinion
I don't need your approval, baby
You should keep it pushin' now
Just a swing and miss, you ain't pullin' shit
And I really can't believe the audacity, don't you play with me...
Damn, fuck you think I am? careful what you sayin'
'cuz you gon regret the day you ran that slick mouth, right
(I'm right)

You talking bout some shit you'll never get to do
Tryna get me on some stuntin shit, I'll stunt on you
Tryna get me on some stuntin shit, I'll stunt on you
I'll stunt on you, I'll stunt on you
I ain't that bitch
(an enigma, I'm not like them)
And just when you're getting kinda comfortable
I-I-I

I switch it up
Just when they think that they know me
I switch it up
And when they finally on to me
I switch it up, I switch it up (switch it up)
It u-up (switch it), it u-up (switch it up), it up
I switch it up
(switch it up, switch it, switch it up, switch it)

Not like the rest, don't fit the mold
(I stay on the low, straight scheming)
Go save your breath, ain't down to roll
(y'ain't even on my level, stay dreaming)

You talking bout some shit you'll never get to do
Tryna get me on some stuntin shit, I'll stunt on you
Tryna get me on some stuntin shit, I'll stunt on you
I'll stunt on you, I'll stunt on you
I ain't that bitch
(an enigma, I'm not like them)
And just when you're getting too comfortable
I-I-I

I switch it up
Just when they think that they know me
I switch it up
And when they finally on to me
I switch it up, I switch it up (switch it up)
It u-up (switch it), it u-up (switch it up), it up
I switch it up
(switch it up, switch it, switch it up, switch it)
I switch it up
