

## Touch Pass

Tinashe

I'm about to party  
I been going all night for ya  
Bottles in my body  
You know, you know, you know  
This is so exclusive  
You're the only name on my list  
Tell me no excuses  
Let's go, let's go, let's go

Baby you know what it is  
I've been waiting all night long  
I ain't tryna play no games  
We can talk over the phone  
Yeah it's time to use your head  
If you're ready, we can roll  
Put my finger to your lips  
And do anything you want

Don't ask, just do  
You're past want to  
You gotta touch, pass, come through  
You know my heart, I trust you-oh-oh  
You-oh-oh, you-oh-oh  
You-oh-oh, you-oh-oh  
I trust you  
You-oh-oh, you-oh-oh  
You-oh-oh, you-oh-oh  
I trust you

Baby you know what it is  
I've been waiting all night long  
I ain't tryna play no games  
We can talk over the phone  
Yeah it's time to use your head  
If you're ready, we can roll  
Put my finger to your lips  
And do anything you want

Don't ask, just do  
You're past want to  
You gotta touch, pass, come through  
You know my heart, I trust you-oh-oh  
You-oh-oh, you-oh-oh  
You-oh-oh, you-oh-oh  
I trust you  
You-oh-oh, you-oh-oh  
You-oh-oh, you-oh-oh  
I trust you
