Tinchy Stryder

Ah uh uh oh  
Ah uh uh oh

Ah uh uh oh  
Ah uh uh oh (Tinchy Stryder)  
Ah uh uh oh (N dubz)  
Ah uh uh oh (yo)

It was nothing but a quick thing fuck off  
Kids games, kiss chase, just a quick fling  
Now I'm hoping you never go missing  
Now I'm telling you, you can hold this ring, watch how it glistens

It was done as quick as the wind blows  
Didn't think I would ever be involved  
So I even wrote a song called 'don't go'  
Now its just you and me on a love row

Dappy like dino us two tip toes duck dive get low  
And now I care less about who knows  
Now we're deep in way past intro dappy explain yo

See never did I think a boy like me would be in need  
When all I really wanted was to have some fun  
Now I'm losing my head, I'm telling you one thing  
You're number one

See I don't understand how you're number one  
When it was just a thing before now, you're the one  
See all I did was blink twice, from my homie to my only  
Number one

Ah uh uh oh  
Ah uh uh oh  
Ah uh uh oh  
Ah uh uh oh

Yo  
It was all now never planned no after  
It was like games jokes laughter  
Live for the moment, left it all open  
Now I'm in deep, flames, lava, breathe, karma

And now I'm stating, see I never saw this in my daydream  
Its really you that I'm fully rating  
And the days here no more waiting

Pay it all wise to the smart man raised him  
I was so hurt, pain, aching  
On the wrong path then a good girl saved him  
That's why I'm letting man know she's amazing

See never did I think a boy like me would be in need  
When all I really wanted was to have some fun  
Now I'm losing my head, I'm telling you one thing

You're number one

See I don't understand how you're number one  
When it was just a fling before now, you're the one  
See all I did was blink twice from my homie to my only  
Number one

You lift me off the ground  
I always want you around  
I ain't gonna let nothing get in the way  
Ill never let nothing get in the way

You lift me off the ground  
I always want you around  
I ain't gonna let nothing get in the way  
I'll never let nothing get in the way

Yo, I ain't never gonna let nothing get in the way  
You play your cards all right you're an Ace  
You make my nights so bright you're my days  
You took me out of the maze  
You are number one

See I don't understand how you're number one  
When it was just a thing before now, you're the one  
See all I did was blink twice from my homie to my only  
Number one

You lift me off the ground  
I always want you around  
I ain't gonna let nothing get in the way  
I'll never let nothing get in the way

You lift me off the ground  
I always want you around  
I ain't gonna let nothing get in the way  
I'll never let nothing get in the way

Number one in the race you're a leader  
Girl you're out of this world I cant see ya  
Uh oh oh oh  
And now you got a place in my heart  
Its funny how you actually went  
From my homie to my only  
Number one
