

## Dancing

## Tindersticks

I understand everything  
I understand everything  
Take me in your arms  
You knew how I feel  
Before I knew, I was up to my neck  
First time we danced

So I'll tell what brought you home tonight  
So, you're back, what brought you home?  
Oh, the dancing  
Take me in your arms  
You knew how I feel  
Running home

I couldn't wait to be inside you then  
You were all around me then  
So, is that what brought you home tonight  
Do you know what brought you home tonight?  
Was it the dancing?

Before I knew, I was up to my neck  
The last toe leaving ground  
First time we danced
