

Dancing

Tindersticks

I understand everything
I understand everything
Take me in your arms
You knew how I feel
Before I knew, I was up to my neck
First time we danced

So I'll tell what brought you home tonight
So, you're back, what brought you home?
Oh, the dancing
Take me in your arms
You knew how I feel
Running home

I couldn't wait to be inside you then
You were all around me then
So, is that what brought you home tonight
Do you know what brought you home tonight?
Was it the dancing?

Before I knew, I was up to my neck
The last toe leaving ground
First time we danced
