

Don't Look Down

Tindersticks

See her there
She hangs from me
See her face
She can't let go
I can't look in here eyes

She's holding on
She needed this to hurt me so

So it shot out of me
As though all of the love just got ripped out of me

She said I'm such a sap, I'm such a jerk
How can I ever forget the way that we are
Spend all your time with your eyes on the ground
Looking for the stars

Say this is it
This is all there is
You have to remember this

This is all there is
So it shot out of me
As though all of the love just got ripped out of me

And just for that moment I saw in her eyes
How it all could be

It shot out of me
Spend all your time with your eyes on the ground
Looking for the stars

So it shot out of me
As though all of the love just got ripped out of me
