Don't Look Down

Tindersticks

See her there She hangs from me See her face She can't let go I can't look in here eyes

She's holding on She needed this to hurt me so

So it shot out of me As though all of the love just got ripped out of me

She said I'm such a sap, I'm such a jerk How can I ever forget the way that we are Spend all your time with your eyes on the ground Looking for the stars

Say this is it This is all there is You have to remember this

This is all there is So it shot out of me As though all of the love just got ripped out of me

And just for that moment I saw in her eyes How it all could be

It shot out of me Spend all your time with your eyes on the ground Looking for the stars

So it shot out of me As though all of the love just got ripped out of me
