

# Medicine

Tindersticks

This medicine you want  
Medicine you need  
Medicine to get you on your feet  
I feel weak

Cause every single day  
And every single hour too  
That medicine it works inside of you  
In your head  
In your dreams  
In your dreams

You worked it so hard  
You tried to make it shine  
Medicine it keeps you down half mind  
In your head

Cause every single day  
And every single hour too  
That medicine it works inside of you  
In your head  
In your dreams  
In your dreams
