

## Snowy In F- Minor

Tindersticks

Did you ever wonder what's inside that keeps us together?  
Did you ever want to take that knife and discover?  
Like cutting into a sack of grain  
Going to watch our love run away  
And look at each other  
Sometimes it seems we're joined at our sides  
It keeps us together  
I like to think we're not along for the ride  
But sometimes I wonder  
So go and cut into that sack again  
See if we're worth it anyway  
And look at each other

Did you ever wonder what's inside that keeps us together?  
Did you ever want to take that knife and discover?  
So go and cut into that sack again  
See if we're worth it anyway  
And we're on different sides of the line  
And we look at each other  
There's trains approaching from either side  
Going to jump over those tracks for you  
Go anywhere you're going to  
I'm going with you
