

Chasing Flies

Tinie Tempah

I make hits, not the public. I tell the DJ what to play. Understand?

We is the original of our time

We is the original of our time

I make hits, not the public. I tell the DJ what to play. Understand?

Ba ba black sheep, rock star, rap G

Make enough dough to own a black car, that's speed

I been gettin' blow, f**kin' friendly with the banks, man

And I don't mean Phil Carter, Hillary or Astley

Packs see me up in the vicinity and flash me

I'm the definition of definitive and catchy

The only thing that's bigger, quicker, slicker

More black and more upper London is a taxi

Bitch, I'm so sick I need a motherf**kin' vaccine

Pinky ring shine like so motherf**kin' vastly

Center of attention like a bank anthem, lost 'em

HDB, reachin' for a flat screen

The only other time I see you niggas on kisses

Is like 2AM or when you go to f**k her up

Look, 60 m4, baby, need to buckle up

All my wheelers so zoo, all my wheelers go nuts, yeah

Don't say that I didn't ever warn ya

Swear down, I told ya

We is the original of our time

Don't cross the line

Don't make me have to show ya

Don't say that I didn't ever warn ya

Stop lyin', I saw ya

We is the original of our time

Don't cross the line

Don't make me have to show ya
