

# I Hope Things Go The Way I Hope

Tiny Moving Parts

You told me that you're moving on  
But it feels just like giving up  
I want to tell you how I feel  
But I don't want to make you feel  
Like it's your fault for leaving me at all

But this won't change the way I look at you  
This will change how I sleep  
I wish I would have cherished it  
You used to keep me warm  
Now my warmth comes from embarrassment

Why can't things go the way I hope?  
The way I want them to?  
Always how I assumed they will  
How they always do  
Why can't things go the way I hope?  
The way I want them to?  
Always how I assumed they will  
How they always do

Simply but life can't not be defined it can't be simply put  
But you gotta do your best cause nobody forgets the things that  
they regret  
There's no rewind and I should have kept that in mind  
But on the bright side id say I prefer sadness over spineless a  
nyway

This won't change the way I look at you  
But this will change how I sleep  
I wish I would have cherished it  
You used to keep me warm  
Now my warmth comes from embarrassment

I hope things go the way I hope
