

## Time

Titiyo

This world has no patience, time  
It's spinning while we're wasting, time  
In roadblocks, subway stations, time  
We're waiting wasting time

Well life takes a turn  
Let's keep on straight  
It's easy to burn  
On stolen faith

Give in, give out  
Give in and get out with me  
Give in, give out  
Give in and give it to me

Give in, give out  
Give in and get out with me  
Give in, give out  
Give in and give it to me

Well life takes a turn  
Let's keep on straight  
It's easy to burn  
On stolen faith

The world has no passion, time  
I'll judge you by your actions

Give in, give out  
Give in and get out with me  
Give in, give out  
Give in and give it to me

Give in, give out  
Give in, give out
