

Time

Titiyo

This world has no patience, time
It's spinning while we're wasting, time
In roadblocks, subway stations, time
We're waiting wasting time

Well life takes a turn
Let's keep on straight
It's easy to burn
On stolen faith

Give in, give out
Give in and get out with me
Give in, give out
Give in and give it to me

Give in, give out
Give in and get out with me
Give in, give out
Give in and give it to me

Well life takes a turn
Let's keep on straight
It's easy to burn
On stolen faith

The world has no passion, time
I'll judge you by your actions

Give in, give out
Give in and get out with me
Give in, give out
Give in and give it to me

Give in, give out
Give in, give out
