

## Got One

Tity Boi

Sometimes I have them thoughts  
Like I'm too real for this shit  
Labels keep callin'  
I need 2 mil for this shit!  
Took a mixtape  
Turned it to a mansion  
Then I took my last pack  
And it turned into gymnastics  
The crazy thing about it  
I been knew I had it  
I was being patient, y'all was being stagnant  
The crazy thing about it  
I been gettin' money  
I been gettin' pussy  
Shades cost 600  
The crazy thing about it  
I don't need nobody  
I don't need no co-sign  
Or talking balls I got 'em  
The crazy thing about it  
Everything been crazy  
My girl cousin died  
Now who gon' take care of them babies

A-Town, we got one  
Westside, we got one  
Eastside, we got one  
Southside, we got one  
Got one, I got one  
This pistol on me, I got one  
This check homie, I got one  
Respect homie, I got one  
(2x)

This polo, not Izon  
I get dough like Tae Kwon  
Asking me what I'm on  
I say my bank account is on steroids  
Trappin' off my Android  
Tryin' not to go bad boy  
Cause I'm so high, talkin' I'm so fly  
I don't know if I should l land for it  
Addicted to codeine  
My side effect is a red girl  
If I buy the pussy you payin' for it  
Put your head through the headboard  
I say it but, I don't get no credit for it  
Pull up in that short bus  
Tell 'em this is

A-Town, we got one  
Westside, we got one  
Eastside, we got one  
Southside, we got one  
Got one, I got one  
This pistol on me, I got one  
This check homie, I got one

Respect homie, I got one
