

# Give Your Love To Me

TKA

All your friends tell me, that you care for me  
You hide all your feelings, and your scared of me  
But let me wipe away all your fears, all your fears  
Whisper sweet words into your ear, I love you my dear  
Hold me close and don't try to run  
Cause this love affair has just begun

Chorus:

Give your love to me, I want your love  
Give your love to me, all through the night  
Please don't try to hide what you feel inside for me  
Give your love to me

Give your love to me  
I know your thinking, I'm not good for you  
Maybe your worried, what your friends might say  
I know I love you, and my words are true  
So go tell your friends girl, I'm here to stay  
But let me wipe away all your fears, all your fears  
Whisper sweet words into your ear, I love you my dear  
Hold me close and don't try to run  
Cause this love affair has just begun

Chorus

Give your love to me

But let me wipe away all your fears, all your fears  
Whisper sweet words into your ear, I love you my dear  
Hold me close, don't try to run  
Cause this love affair has just begun

Chorus (2x)

You need it, I want it, you got it, I'm going to take it  
To give it, you get it, I took it, we're gonna make it  
I know it, just show it, theres no mistaking  
Cause to give is to take, and your giving me, all of your love

Chorus

I'll give you love to last a lifetime  
Come take my hand and go with me  
No need to hesitate, theres no time to waste  
On your mark, get ready, set, wheres your love  
Give your love to me  
Don't try to hide it, don't try to hide it  
Give your love to me  
You got to give it, you got to give me your love  
Don't try to hide it, don't try to hide it  
You got to give it, you got to give me your love
