We gon' start this thing alright (Say what)  
We got TLC in the house tonight

Baby, if I drop it down to the ground  
Then put it in the your face  
Now what you gon' do  
Shawty, if I shook it and turned around  
And back it up on ya  
What you gon' do

If you want some, come get some  
If you want some, come get some  
If you want some, come get some  
If you want some, Shawty, come get some

Went to the club, you know I gotta gig it up  
Make sure my hair looks right  
Know I'm lookin' good, wanna throw my butt jeans on  
Show me my a\*\* look tight

Ooh, we look tough and we start doin' our strut  
Move to the beat, get some  
Don't think you really want none  
But if you want some, get some

Baby, if I drop it down to the ground  
Then put it in the your face  
Now what you gon' do  
Shawty, if I shook it and turned around  
And back it up on ya  
What you gon' do

If you want some, come get some  
If you want some, come get some  
If you want some, come get some  
If you want some, Shawty, come get some

Girls from the South know when I'm tryin' start out  
Fellas know what it's all about  
Shake it in the club, then take you out to grub  
Down at the waffle house

We gon' get crunk, we know how to show you love  
Can't nobody do it like us  
Don't think you really want none  
If you want some, get some

Baby, if I drop it down to the ground  
Then put it in the your face  
Now what you gon' do  
Shawty, if I shook it and turned around

And back it up on ya  
What you gon' do

If you want some, come get some  
If you want some, come get some  
If you want some, come get some

If y'all don't know in the South  
We keep the party jumpin'  
From dusk till dawn we keep it crunk  
We keep the masses bumpin'

Y'all don't want none  
Y'all don't want none  
But if you think you can hang with the A  
Don't front, come get some

What's happenin', Shawty, it's Sean Paul from the East  
side  
Wanna grab them thighs, baby, lots of grip applies  
Love the way your jeans fit 'cause your hips wide  
I know you from the South, I can tell from your  
backside  
From Sean, let me show you how to lay it right  
Money ain't a thang, especially if you act right  
A young Shawty, but I'm sure you got your own money  
The only time you see me runnin', baby, if the po'  
comin'  
Shawty lookin' good, do that dance  
I'm pretty sure you know I know what's in them pants  
I'mma G Shawty, give me a chance  
And if you thinkin' I'm just poppin', I'll leave an  
advance  
Oh, no, Shawty, I don't play  
I could tell from the cell you born and raised in the  
A  
So I'm pretty sure I know where you stay  
Baby, if you hit me on the hip then I'll be in it to  
way

Now right about now (What's up)  
We gon' break this thang down (Well, break it down then)  
If you know how to stomp (Stomp)  
We need y'all to crank it on up (Let's go)  
Like this (Like this)

Do the A-Town Stomp  
Do the A-Town Stomp  
Do the A-Town Stomp

Baby, if I drop it down to the ground  
Then put it in the your face
