

Welcome

We've dedicated our entire album cover
To any person who has ever sent us fanmail
This is a journey into life, love and the future of music
TLC would like to thank you for your support
And just like you, they get lonely too.

Just like you, I get lonely too
Just like you, I get lonely too
Just like you, I get lonely

Waited for you for so long
Too many days has January
I'm still sendin' this alone
We should've did this already
Said I got a e-mail today
Kind of thought that you forgot about me
So I wanna hit you back to say
Just like you, I get lonely

Baby, I can really get to know you
Take my time to show you
Don't tell anybody what we do
When I get lonely
Take me to another place
Where I'll be in to spaces
You and me with no rules
Just like you, I get lonely too

(Just like you, Just like you, Just like you)
Just like you, I get lonely too
(Just like you, Just like you, Just like you)

Just like you, I get lonely

Ready for us to get it on
Ain't gotta love to fall steady
Hope it ain't like that for long
I'll be your friend if you let me
Don't want to come on strong
Cos' too many people wanna get me
But a girl will do what a girl would do
Just like you, I get lonely.

Baby, I can really get to know you
Take my time to show you
Don't tell anybody what we do
When I get lonely
Take me to another place
Where I'll be in to spaces
You and me with no rules
Just like you, I get lonely too

(Just like you, Just like you, Just like you)
Just like you, I get lonely too
(Just like you, Just like you, Just like you)

Just like you, I get lonely

Every day I think I'm gonna meet you
Can't wait till the day I see you
No doubt you're just my babe
The one for me
Every day I think I'm gonna meet you
Can't wait till the day I see you
No doubt you're just my babe
The one I need.
