

## Take Our Time

TLC

Let's take our time baby  
Love last forever  
Over and over  
We'll love together

Come here next to me  
And let me make you high  
No mistakes we will make  
A long time we will love

Let's take our time baby  
Love last forever  
Over and over  
We'll love together

Kiss me hold me tight  
And let's get wet tonight  
Happiness is pleasing you  
So let me make you cry

Let's take our time baby  
Love last forever  
Over and over  
We'll love together

Slowly deep inside me  
Hold me and kiss my body  
Only you can make me  
Oh so easy

Let's take our time baby  
Love last forever  
Over and over  
We'll love together
