

Northern Lights

TNT

Shine for the world
Dance for me again
In my mind
Songs in the sky
Lonely heart alone

Winter so long
Holding me in trance far away
Nights go on & on
They'll be here to stay

Northern lights
Haunting me
I'll be back where i long to be
But the northern lights
Carry on
One more night alone

Walk through the storm
Never fear
My love is real
Dreams captured me , but
I'll be free again from the...

Northern lights
Haunting me
I'll be back where i long to be
But the northern lights
Carry on
One more night alone

Northern lights
Haunting me
I'll be back where i long to be
But the northern lights
Carry on
One more night
On my own
Haunting me
I'll be back
