

## In Solitude

To/Die/For

I`m not the one to die for  
Don`t grieve for me  
After I am gone  
No one remembers

Let me die in solitude  
Under pale grey clouds  
Let me sleep forever  
Six feet under ground

This life ain`t what I wanted  
Don`t cry for me  
I`m not worth your pain  
I`m not worth your tears

I say goodbye  
And raindrops taste like tears  
In the pouring rain I stand and die alone

In my final hour  
As I kneel on the leaves  
I can feel the wave of warmth  
Was over me

Then it`s finally over  
My earthly misery  
I`m not to be remembered  
Don`t cry for me
