

## Screaming Birds

To/Die/For

Call of the wild and I will fall  
Into the flames, rain and storm  
It's beautiful depravity  
Sweet destructive humanity  
I hurt myself just to become whole again  
Time after time, again and again  
I drink myself to sleep just to forget for a while  
Till the dawn shows all these injuries

TEAR MY HEART OFF MY CHEST  
FEED IT TO THE SCREAMING BIRDS  
MAY THE SUN PARCH MY CORPSE  
WITH NOTHING I CAME WITH NOTHING I'LL LEAVE

Life's such a bitch and life's a whore  
Misery we adore  
Like state of decline, like a dream  
On the waves of eternity  
I hurt myself just to become whole again  
Time after time, again and again  
I drink myself to sleep just to forget for a while  
Till the dawn shows all these injuries

I propose a toast for sorrow, two for joy  
And for the felting moment misery feels easy
