

Get What You Want

Toad The Wet Sprocket

Shout up at the sky
In tatters, in tatters
See no use in trying
But it matters, it matters

Spare a little prayer for the broken hearted
How did he feel just being discarded
But it felt so good to get what you wanted

Hey hey, you're finally free
It's a new day, you're just where you wanted to be
Hey hey, you're finally free
You got what you wanted, you forgot what you need

Each and every one
We want more, we want more
But if we quit when it gets hard
Then what is love for, what is love for

Blow a little kiss to the innocent
Throw a little bird to the ones you left
Oh it feels so good until it hits you back
You weren't the first, won't be the last

Hey hey, you're finally free
It's a new day, you just where you wanted to be
Hey hey, you're finally free
And it's so strange, it's not like you thought it would be
Hey hey, you're finally free
It's a new day, you just where you want to be
Hey hey, you're finally free
You got what you want now, you forgot what you need

You get what you want, get what you want
You forgot what you need
