

## Inside

### Toad The Wet Sprocket

Free my heart to feel again  
Free my mind to understand  
To run undeterred

Pull the blinders from my eyes  
Let me see the endless skies  
Drown me where I stand  
In the beauty of the land

And all my life  
It lay inside  
For all my life

Tear this anger from my soul  
Wash me clean and leave me whole  
Leave me higher

Work my hands to make them strong  
Lift my arms to carry on  
Anywhere I go, to never be alone

And all my life  
It lay inside  
For all my life

We were always leaving  
Since we start breathing  
And running back no wonder  
We are torn asunder

To give me life  
To give me life
