

## Is It for Me?

### Toad The Wet Sprocket

Through the door,  
What do I see?

Bradley said it's haunted  
The house upon the hill  
And if we met at 4 a.m.  
Then we would know for sure  
We carried the ladders  
And leaned them against it  
And climbed them as we looked  
Someone kicked the ladder  
Bradley took a spill  
Said his leg was broken so we  
Dragged him down the hill

And through the door  
What do I see? (It happens)  
Something is happening  
Is it for me?  
Is it for me?

Mom found out the whole thing  
Mine was first to call  
Bradley's leg healed badly  
At least he still can walk  
We leave in the morning and  
No one will hear us and  
Meet in the clearing and  
I'll bring the sandwiches  
David, come quickly  
You're missing the whole thing  
Now open your big eyes  
Take in the sunrise

And through the door  
What do I see? (It happens)  
Something is happening  
Is it for me?

Through the door  
What do I see? (It happens)  
Something is happening  
Is it for me?  
Is it for me?
