

## Pale Blue

## Toad The Wet Sprocket

Azul palido  
As death it waits for me  
After storms  
And after pouring rain  
Vainest thunder  
Pale blue remains  
Azul palido  
As death it follows me  
Mocking weather  
An attempt in vain  
Weakest thunder  
Laughing at the rain  
Azul palido  
As death it comforts me  
After storms  
And after pouring rain  
Crashing thunder  
Pale blue remains
