

The Moment

Toad The Wet Sprocket

Shame doesn't become you
There are no mistakes in the final view
No blame, how could it be so wrong
That your heart was braver than your will was strong

For every path you follow there's another left behind
Every door you don't kick open there's a million more to try
And for everything you've taught me here's the one I've learned
the best
There is nothing but the moment
Don't you waste it on regret

I'll go, but who will you have to be
Will you just get by or get what you need
Just know that I don't need to fit in
But is there room for you in your life with him?

For every path you follow there's another left behind
Every door you don't kick open there's a million more to try
And for everything you've taught me here's the one I've learned
the best
There is nothing but the moment
Don't you waste it on regret

It's out of my hands, out of my hands
But I miss my friend, I miss my friend
So this is the price of honesty
But I'm not sorry

For every path you follow there's another left behind
Every door you don't kick open there's a million more to try
And for everything you've taught me here's the one I've learned
the best
There is nothing but the moment
Don't you waste it on regret

The moment is happening now
The moment is passing
The moment is happening now
The moment is passing
