

Dead Boy Boogie

Toadies

Hey I walked in on my friends
So it seems
You, young and old, come and go in a dream
Well I wake up and your a daze spinning in my head
You piss away a your day and now the dead boy
Your a dead boy, dead boy
Your a dead boy, dead boy
Yeah, did you hear it over here across the way
You your face on every page that i read
Well I wake up and you'll be gone
And i'll know where you'll be
You piss away your days and buy hey, your not me
Your a dead boy, dead boy
Your a dead boy
Dead boy
Dead boy
Dead boy
Your a dead boy, dead boy
Your a dead boy, dead boy
