Don't Go My Way

Come on baby take it easy Stop following me around I know you don't believe me But you don't want to take the road I'm down There's no pretty way to find out And no promise you'll be OK Just give me your word now Baby say you won't go my way Don't go my way

You don't want to be lonely You don't want to see the things I've seen And if you learn one lesson only Baby listen stay away from me Don't go my way Toadies
