

# Everything Is In Place

Toadies

Hoover around my face  
Hoover around my head  
Listen to my breathing  
Everything is in place  
Hands touch my face  
Losing all my thoughts  
Lovers in their places  
Everything is in place  
Everything is in place  
Everything is in place  
You don't really believe it do you?  
Do you, do?  
I don't really understand it myself  
When i see lovers in their places  
Smiles on their faces  
I want you here in my head  
In my head  
And i don't  
Even know why  
Look at the highrise  
Lots of people there  
They all have a task  
Everything is in place  
Look at the bus stop  
And under the bridges  
Lots of people there too  
Everything is in place  
Nothing like seeing a sunrise  
The sunrise, ha  
Caught by surprise  
My, my  
What have i been missing  
What am i missing  
In my head, in my head  
Well i don't even care what  
La da da da  
Everything is in place  
La da da da  
Everything, everything  
You don't really believe it do you?  
Do you, do?  
I don't really understand it myself  
When i see lovers in their places  
Smiles on their faces  
I want you here in my head  
In my head  
And i don't even know  
I don't even know why  
When everthing is in place  
In my head
