## Toadies

Long neck, short leash  
Sweet lips are black, black, black  
You walk, I lead  
Little tricks, stagger and fall  
Heel

You're crying, well listen  
This time you really were bad, bad, bad  
I will show you some discipline  
Yes, you will learn some respect, respect, respect  
Heel

God I love you  
You're so pretty  
Love you, love you  
Pretty, pretty
