

I Hope You Die

Toadies

I hope you die, I hope you die
I hope you die, I hope you die
Die
Die
Slow and painful

There's a place where I go every night
To say a prayer for the weak and the tired
There's a place you will go when you die

I hope you understand
I only want what's right for everybody

I hope you die
Die
Die
Slow and Painful

There's a place under my bed where I keep
The sort of thing I wouldn't dare anyone see
There's a page missing from a magazine

I hope you understand
I only want what's right for everybody

I hope you die! I hope you die!
I hope you die! I hope you die!!

Die die die
I hope you die
D-I-E D-I-E
Die you die...
SLOW AND PAINFUL!
