

Miss Teen

Toadies

I know something about you
I know you're only seventeen
On the cover of a magazine
On the cover of a magazine
And you're so mean to me
??show me the score??
Its been so long since my first kill
I imagine it happening just like this
Everyday on my tv

Can you show me what I need?
Can I touch?
Can I watch?
Can you show me miss teen
Show me some
Yeah show me something
Miss teen
Show me some
Yeah show me some
I see you ???
The way you move
