

Quitter

Toadies

Didn't I give you everything?
Didn't I take you where you want to be?
Didn't I make you feel just like a queen?
And all that time I thought that I was gettin' somethin' right
Look me in the eye and tell me somethin'
Am I supposed to walk away with nothin'?
Do I convince myself we never happened?
Well I guess I won't be denied
I'm gettin' somethin' right

Lover!
Are you happy now?
Quitter, quitter!

In the coming days the dust will cover
All the evidence of your first lover
I hope wherever you are now you'll wake up
And see just what a mess you made of this
'Cause I'm gettin' somethin' right

Am I gettin' somethin' right?

Lover!
Are you happy now?
Quitter, quitter!
