

Cool Without You

Tobias Regner

I lie to you
I see it in your eyes
Burning questions

I should have talked to you
But I wasn't strong enough
To face you and tell you

I know it's gonna break you
I know it's gonna take you down
But I gotta tell you
It's over girl now

I move out
I walk out on you
Nothing's gonna change so now
I move out
I run out on you
Cause life is pretty cool without you
Cool without you

Don't wanna lie to you
Know I can't fool your pretty face
So beautiful
Why should I change my mind
On a thousand times
We can't go on
No we cant go on

I don't wanna hurt you
I don't wanna break you down
But you gotta believe me
It's over girl now

I move out
I walk out on you
Nothing's gonna change so now
I move out
I run out on you
Cause life is pretty cool without you

Cool without you (4x)

So now
I move out
I walk out on you
Nothing's gonna change so now
I move out
I run out on you
Cause life is pretty cool without you

Nothing`s gonna chance

I`m cool without you
