Homeless Heart

Tobias Regner

Lonesome beauty
With a crowd around you
I see who you are

You joke, they laugh Till the show is over Then you fall so hard

If you're needing
A soul-to-soul connection
I'll run to your side

When you're lost in the dark
When you're out in the cold
When you're looking for something
That resembles your soul
When the wind blows your house of cards
I'll be a home to your homeless heart

Open close me Leave your secrets with me I can ease your pain

And my arms will be Just like walls around you Come in from the rain

If you're running
In the wrong direction
I will lead you back

Broken
Shattered like a mirror
In a millions pieces

Sooner or later You gotta find Something, someone To find you and save you
