

## Are You Feelin' Me?

Toby Keith

Sometimes I lie awake  
Starin' at the ceiling  
I'll have someone beside me  
She won't know your name  
She won't be here long  
Yeah, she's almost a memory  
You'll never be really gone  
Girl are you feelin' me?

Do you fall asleep missin' my kiss in the dark  
Wake up the next mornin'  
Not sure where you are  
Is it killin' you, like its killin' me  
Are you lyin' there lyin' with somebody else  
Tryin to find the one thing I can't find for myself  
When he's touchin' you  
Really touchin' you,  
Are you feelin' me?

You ever wish on a star that ain't fallin'  
Hopin' your dreams will come true  
Pray for the day that you know ain't comin'  
Well, I do  
Baby, I do  
Baby, I do  
Baby, I do

Do you fall asleep missin' my kiss in the dark  
Wake up the next mornin'  
Not sure where you are  
Is it killin' you, like its killin' me  
Are you lyin' there lyin' with somebody else  
Tryin' to find the one thing I can't find for myself  
When he's touchin' you  
Really touchin' you,  
Are you feelin' me?  
Oh, when he's touchin' you  
Are you feelin' me?  
Are you feelin' me?  
Are you feelin' me?  
Oh, are you feelin' me?  
Girl, are you feelin' me?  
Oh, when he's touchin' you
