

## Getcha Some

Toby Keith

Well boy meets girl and it's a good bet  
Girl's gonna play a little hard to get  
But they both got the same thing on their mind  
Ain't that the way that the world goes round  
Don't it get you up get you down  
It gets you walking around with a flashlight trying to find  
Love

Oooh gotta getcha some gotta getcha some gotta getcha some  
Oooh gotta getcha some love

Then boy sees girl with another guy  
What he wouldn't give just to catch her eye 'cause man  
She is so hot  
But you can't compete with a superstar  
He's got a big old house and little red car  
And what need is the one thing you ain't got money

Oooh gotta getcha some gotta getcha some gotta getcha some  
Oooh gotta getcha some money  
Oooh gotta getcha some gotta getcha some gotta getcha some  
Oooh gotta getcha some yeah

Then god smiles down from up above  
The money rolls in and they fall in love  
From the outside looking in it's a dream come true  
But as time goes by something turns up missing  
There's not enough hugging and not enough kissing  
Before to long they better do what they gotta do you know

Oooh gotta getcha some gotta getcha some gotta getcha some  
Oooh gotta getcha some babies  
Oooh gotta getcha some gotta getcha some gotta getcha some  
Oooh gotta getcha some yeah

You know curtain climbers, and rugrats, and tricycle motors  
It don't matter what you call 'em you gotta have a whole house  
full of 'em  
Ain't nothing in the world like youngins getcha some
