

## She Ran Away with a Rodeo Clown

Toby Keith

She's a top barrel racer  
Cowboy chaser  
She drinks teacate like it's goin' out of style  
She's real good lookin' And pretty good at hookin'  
Any man she wants with just a little smile

I drewed a strong one  
A big full grown one  
He punched me out when I hit the ground  
I came to with a panoramic view  
Lookin' for my baby  
She was nowhere around

I looked up, I looked down  
I ain't seen her since the second go-'round  
Somebody said they seen her headin' out of town  
Now she ran away with a rodeo clown  
She ran away with a rodeo clown

She's got twenty-two dollars  
And makeup on her collar  
She left some clothes so she's travelin light  
But I'll bet a new saddle  
And forty head of cattle  
That I could catch 'em both if I drove all night  
But this don't make sense  
She's done jumped the fence  
And I'm speedin' cross Texas on a broken heart  
I'm goin' home where the coyote roam  
Makin' my camp at the end of the bar

I looked up, I looked down  
I ain't seen her since the second go-'round  
Somebody said they seen her headin' out of town  
Now she ran away with a rodeo clown
