

# Walk It Off

Toby Keith

Walk it off  
Pick up all the pieces of your broken heart  
You don't have to worry  
She don't care anymore  
She ain't there anymore  
Hit the wall  
'Cause no one you can call is gonna ease your pain  
So take your torn umbrella out into the rain  
Walk it off

Run  
Boy you were born to run  
Now the day has come  
She's left you standin' still  
So deal  
How does it feel  
To have to face the fact  
She ain't coming back  
Walk it off

Walk it off  
Though you might not ever see her face again  
Sittin' here alone just scares you half to death  
Boy don't hold your breath

Walk it off
