## Weed with Willie

**Toby Keith** 

I always heard that his herb was top shelf Lord I just could not wait to find out for myself. Well don't knock it till you've tried it. And I've tried it my friend. I'll never smoke Weed with willie again!

Now we learned a hard lesson in a small Texas town He fired up a fat boy and he passed it around The last words I spoke before they tucked me in I may discount Bungee jump but, I'll never smoke weed with Willie again.

I'll never smoke weed with Willie again My party's all over before it begins You can pour me some Old Whiskey River my friend. But I'll never smoke weed with Willie again

We hopped on his old bus the Honeysuckel Rose The party was Huntsville, it was after the show Alone in the front lounge, just me and him I took one friendly puff and the grim creeper set in

I'll never smoke weed with Willie again My party's all over before it begins You can pour me some Old Whiskey River my friend. But I'll never smoke weed with Willie again

Now we're passin' the guitar, we're tellin' good jokes I can tell one's a comin' 'cause I'm smellin' smoke No I do not partake I just let it pass by With a grin on my face and a great contact high

I'll never smoke weed with Willie again My party's all over before it begins You can pour me some Old Whiskey River my friend. But I'll never smoke weed with Willie again

In the fetal position with drool on my chin We broke down and smoked weed with Willie again
