

# You Caught Me At A Bad Time

Toby Keith

I don't need this conversation  
Cause I don't need to see you cry  
You need one more confirmation  
Like I need one more reason why.

I know this might no be the answer  
Oh that you came here to get  
We both know that girl is somethin'  
That I'm still not over yet.

I can't go on using you  
Girl in feels like I'm losin' you  
A love like yours is hard to find  
But you caught me at a bad time.

I knew that you'd be waiting  
The night I made that desperate call  
You weren't everything I needed  
Just the softest place to fall.

So I'm not gonna lie to you  
Just keep stringin' you along  
Thought by now it'd be better  
But I guess I'm not that strong.

I can't go on using you  
Oh it feels like I'm losin' you  
Love like yours is hard to find  
But you caught me at a bad time.

A love like yours is hard to find  
You Caught Me At A Bad Time.
