

Don't Wanna Know

Toby Lightman

You're no less than perfect
But you're much more than real
You're untouchable
How does it make you feel

And I'm waiting in line to be near you
And I can't believe my eyes
The kisses are all blown to you every time

But I'd rather leave you
Than see through the fantasy
And I'd rather stay shy and get high
On what could be
I don't wanna know what you do, where you go
I don't wanna know, who you really are

A glistening smile
A twinkle in your eye
Well I can smile like that
Just give me a try

And I've traveled around just to hear you
And your songs don't leave my mind
So tell me what should I do
To get you to say hi

But I'd rather leave you
Than see through the fantasy
And I'd rather stay shy and get high
On what could be
I don't wanna know what you do, where you go
I don't wanna know, who you really are

And I've traveled around just to hear you
And your songs don't leave my mind
So tell me what should I do

But I'd rather leave you
Than see through the fantasy
And I'd rather stay shy and get high
On what could be
I don't wanna know what you do, where you go
I don't wanna know, who you really are
