

H-e-l-l-o

Toby Lightman

i am trying to find you
are you out of range
cause i'm standing behind you
shouting your name
you're not the same

you're a big television
with only one show
like a car with a sun roof
but no radio
i need to know

H-E-L-L-O
where'd you go?

when did they put a statue
of you in our room?
should i throw something at you
to see if you move?
what should i do?

it's like you've taken a trip
on a runaway train?
solving all these equations
with your broken brain
have you gone insane?
