

## H-e-l-l-o

Toby Lightman

i am trying to find you  
are you out of range  
cause i'm standing behind you  
shouting your name  
you're not the same

you're a big television  
with only one show  
like a car with a sun roof  
but no radio  
i need to know

H-E-L-L-O  
where'd you go?

when did they put a statue  
of you in our room?  
should i throw something at you  
to see if you move?  
what should i do?

it's like you've taken a trip  
on a runaway train?  
solving all these equations  
with your broken brain  
have you gone insane?
