

# Let Go

Toby Lightman

Why you leavin in the dark  
Unless you wanna break my heart  
Might be better in the day  
So I can watch you walk away

A little bit of love goes a long long way  
And you can't leave til I get a little bit of love then you're  
on your way

So I won't let go, let go til it's time  
I won't let go, let go til you're mine  
Once I get my hands on you, there ain't nothing you can do  
So I won't let go, let go til you're mine

Hearts are broken all the time  
I won't let you damage mine  
So with some fresh paint and some glue  
I'll make a brand new heart for you

A little bit of love goes a long long way  
I know you'll leave me  
My heart can't take another bad day

So I won't let go, let go til it's time  
I won't let go, let go til you're mine  
Once I get my hands on you, there ain't nothing you can do  
So I won't let go, let go til you're mine

I see your eyes looking for the back door  
wonder if you're ever gonna come back for more  
Baby no, this ain't me all the time  
It's just been way too long  
Tired of hearing my heart sing a sad song  
Things are looking up since you came along, I know it's wrong
