

Steal My Show

TobyMac

Another cold night another late flight it's almost show time and diverse
Citys waiting on me we got a Packed house the crowd is calling out they
Want the beat to drop but what we really need is you
If you wanna steal my show I'll sit back and watch you go if you got
Something to say go on and take it away need you to steal my show can't
Wait to watch you go-oh-oh-oh so take it away
So now the crowd is hyped that you showed up tonight anticipating craving
Something more than smoke and lights so I'll Step out the way I'll give you
Center stage alright spotlight give'em what they came for
If you wanna steal my show I'll sit back and watch you go if you fat
Something to say go on and take away need to steal my show can't wait to
Watch you go-oh-oh-oh so take it away
When you arrive we come to life our hearts collide they're beating in the
Same time you're coming through all eyes on you our hearts collide they're
Beating in the same time beating the same time
No matter who we are notated what we do everyday we can choose to say
If you wanna steal my show I'll sit back and watch you go if you got
Something to say go on and take it away need you to steal show can't wait
To watch you go-oh-oh-oh so take it away
It's you I wanna live for
