

Steal My Show

TobyMac

Another cold night another late flight it's almost show time and
diverse
Citys waiting on me we got a Packed house the crowd is calling
out they
Want the beat to drop but what we really need is you
If you wanna steal my show I'll sit back and watch you go if you
got
Something to say go on and take it away need you to steal my show
can't
Wait to watch you go-oh-oh-oh so take it away
So now the crowd is hyped that you showed up tonight anticipating
craving
Something more than smoke and lights so I'll Step out the way I
'll give you
Center stage alright spotlight give'em what they came for
If you wanna steal my show I'll sit back and watch you go if you
fat
Something to say go on and take away need to steal my show can't
wait to
Watch you go-oh-oh-oh so take it away
When you arrive we come to life our hearts collide they're beating
in the
Same time you're coming through all eyes on you our hearts collide
they're
Beating in the same time beating the same time
No matter who we are notated what we do everyday we can choose
to say
If you wanna steal my show I'll sit back and watch you go if you
got
Something to say go on and take it away need you to steal my show
can't wait
To watch you go-oh-oh-oh so take it away
It's you I wanna live for
